To whom it may concern.

S & B UK Ltd.

S & B supplied and fitted the fixed and loose furniture for a remodelled sixth form science room at Harris Girls Academy East Dulwich. They did a very good job – from ensuring the design worked for the buildings services and structure, and worked for the staff in terms of layout, to delivering on time and installing with a minimum of fuss and mess.

We would be happy to recommend them to other schools wanting a good service at a reasonable price for fixed and loose furniture in laboratories.

Yours sincerely.

Chris Randall

Projects Director
